Thro'
The Chairman, Municipal Council, Mangalore.

Sir,

TENDERS - Tender for repairs and supply of spare parts - Public Health Lorry M D X 662 waiving -- requested.

One of the conservancy Lorries M D X 662 was sent to one of the approved work shops for repairs to make it fit for the half yearly brake inspection. On a casual inspection of the lorry it was estimated that the repairs would cost Rs.300 and sanction of the council was obtained for incurring this expenditure (copy enclosed) C.R.No. 920, dated 30-9-1950.

When the lorry was actually opened out it was found necessary to replace several items of spare parts to the extent of Rs.841-13-6. Apart from the above, the ordinary repairing charges which was originally estimated to cost Rs.300/- has actually risen up to Rs.442-4-0 due to the reason of effecting more works. In all, the present bill is for Rs.1,284-1-6.

The different items of work and spare parts required could be judged only after the engine of the lorry is opened. When once an engine is opened in one work shop other workshops do not give tenders as it is not possible for other work shops to examine the engine which is garraged in other workshops.

The council in its resolution No. 629 (47 & 48) dated the 28th March 1951 - copy enclosed - has sanctioned the expenditure.

The procedure laid down in the statutory rules for calling tender etc could not be observed for reasons explained above. It is therefore requested that the Government may be pleased to waive the procedure laid down for calling tenders as a special case.
